WHAT WE DO

WHO WE ARE

WORKING TO KEEP YOU RIDING SAFE AND FREE

* To publish a newsletter to keep members of ABATE of Florida informed in regards to events concerning motorcycle safety, legislation affecting motorcyclists as well as any other motorcycle news around our state and throughout our country

* To become a powerful & viable political force in legislative matters concerning motorcycles, motorcycle safety and all motorcyclists' rights

* To promote voter registration, to educate and motivate members to become active in the legislative process

* To promote safe motorcycle habits without infringing on the rights of other Individuals

* To educate the public about motorcycle awareness and promote safe driving habits while sharing the road with motorcyclists

* To provide a lobbyist to represent ABATE of Florida, Inc. on the state and national levels

ABATE of Florida, Inc. has developed and copyrighted the Motorcycle Safety and Awareness Program (MSAP). It is a course that is given to non-motorcyclists to educate them on how to safely share the road with motorcyclists. It is taught in local schools and civic organizations at no charge in the hope of reducing motorcycle accidents through education not legislation

ABATE of Florida, Inc. is a statewide, non-profit organization of motorcycle enthusiasts from all walks of life. Our members are carpenters, electricians students, doctors, lawyers, auto mechanics, retirees, teachers and businessmen and women. We promote motorcycle safety, training and awareness. WE ARE NOT A CLUB OR A GANG. We fund our work through toy and poker runs, fun rides, camping and other motorcycle related activities. We are your neighbors, co-workers and friends. We work, we pay mortgages and taxes and we are involved with our community. We serve our country and believe in freedom. We use all legal means to protect our rights, without infringing on the rights of others.

ABATE of Florida, Inc. was the driving force behind the changes in Florida's helmet law. Florida motorcyclists can now choose whether or not they want to wear a helmet.

ABATE of Florida, Inc. serves on the advisory board for the Motorcycle Riders Training Program. This is the program that oversees the training sites for motorcyclists. These sites are funded only by the motorcyclists, through monies collected by the motorcycle endorsement on your drivers license and the fees collected at the training sites. ABATE is the organization that got the monies returned to that program, when the state of Florida saw fit to use it for non motorcycling purposes. Also put in legislation that effectively keeps the state from seizing the funds in the future. ABATE acts as your watchdog by monitoring how that money is spent and makes suggestions that can improve the Motorcycle Riders Training Program for all motorcyclists.

Any individual 18 or older interested in motorcycle rights, safety or education, regardless of race, sex or club affiliation. It doesn't matter what or even if you ride, joining ABATE ensures your opinion on motorcycle laws are being heard

EMERGENCY TEAM

Thanks to these individuals who have stepped up to volunteer to become part of the chapter's emergency team. These members and friends will come to you and assist you in transporting your motorcycle, if it breaks down in the area. They have trailers to accommodate you in an emergency situation. If you are interested in volunteering please call the Michelle (239-440-7258) or email erjournal@embarqmail.com, so we can add you to the list. Thank you for your support.

First Our President

Greetings Brothers and Sisters,
Well we made it through another month and things are going good. Things are moving right along up in the capital so make sure to read Pam's report thoroughly as there is a lot going on up there this year.
Legendary Party is right around the corner and this is our biggest fundraiser for the year. It is what pays all the bills and we need everyone to step up and work 1 shift either front gate, security, membership, safety, or products. If we all do one shift no one will have to work twice. Pretty simple huh? We have a lot of great things lined up and more music than ever. Hope to see you all there. Please call me to sign up for a front gate shift and Big Karl for a security shift.
Bike Week is has come and gone and I hope that some of you made it to the campground and put some hours in for the chapter. If you did I thank you now.
Mark your calendars for Tallahassee April 16-19th. We will be doing our yearly trek to fight for our freedoms. If you have never gone this is the year to go. There is a lot of stuff going on up there (read Pam's Legislative Report) and we need a big presence. We will be leaving on Friday morn April 16th at 7 am for the trip. Please let me know if you are going to be able to go so we can plan meals and gear arrangements.
We are working with the 5Star chapters on NCOM convention Mothers Day Weekend in Orlando and making plans for the 5 Star Event in July. Please keep your eyes open for more info.
That's all for now,
Till next time,
RIDE SAFE RIDE HAPPY RIDE FREE

OUR LEGESLATIVE REP

LEGISLATIVE REPORT-FEBRUARY 2010 submitted by: Pam Cooke

STIFFER PENALTIES BILL: Now filed in both Senate (SB 1918) and House (HB 875). **HB 875** sponsored by Rep. Greg Evers. Summary: **Traffic Offenses**: Provides criminal penalties for person who commits moving violation that causes serious bodily injury to, or causes or contributes to death of, person operating or riding on motorcycle; requires that person pay specified fine, serve minimum period of incarceration and attend driver improvement course; requires court to revoke person's driver's license for specified period; provides that act does not prohibit person from being charged with, convicted of, or punished for any other violation of law. *Effective Date: October 1, 2010*

UPDATE ON STREET RACING BILL: "Luis Rivera Ortega Street Racing Act": (SB 768) (HB 97): Rolled through Senate committee with unanimous approval. **SB 768** named in honor of a central Florida resident who was hit by a car believed to have been racing, increases the fines for repeated violations of prohibitions against racing to between $1,000-$3,000 for a second conviction within five years and between $2,000-$5,000 for a third conviction. A third violation of the law would cause a driver's license to be revoked for four years. **HB 97:** has been passed **as** Favorable by Roads, Bridges & Ports Policy Committee on Wed. 2/17.

CS/HB 297 VEHICLE CRASHES INVOLVING DEATH: Requires that Defendant arrested for leaving scene of crash involving death must be held until brought before Judge for bail. Now in Criminal & Civil justice Appropriations Committee, Wed. 2/17.

Update on cell phone/texting bills: A house panel took on cell phones Wednesday sifting through a half-dozen bills aimed at cracking down on distracted driving. The push to regulate texting or general cell phone use has become one of the most popular issues advanced by lawmakers heading into the spring session. But central to the debate is whether police should be able to issue citations solely for behind-the-wheel cell phone use, or whether tickets could be issued only if drivers are stopped for other traffic offenses.

GUN TRUST FUND BILL STARTS SENATE JOURNEY WITH EASE: An NRA backed initiative to protect a state concealed weapons trust fund from periodic bucget raids quickly passed a Senate Committee on Tuesday, a week after an identical measure enjoyed similar enthusiastic support in the House. By a 4-0 vote, the Senate Agriculture Committee approved SB 1158, which would prevent lawmakers from transferring money out of a trust fund established in 1987 to administer a permit program. Lawmakers swept $6 million from the program last year to fill budget gaps, but the transfer was vetoed by Gov. Charlie Crist. Marion Hammer, former NRA national president, has argued that transfers from the $6 million trust fund are unconstitutional and the organization will sue if they are tapped.

iPhone App Helps You Keep Up With Crime: Collier County residents can now take their neighborhood crimemap with them wherever they go, thanks to a new iPhone application. Offered by the Collier County Sheriff's Office in partnership with CrimeReports, the application provides local crime mapping and national sex offender data. CCSO already publishes its crime date on its Web site through Crimereports. The iPhone application makes the information more accessible than ever. The application fee is free and available at the iTunes App Store. In

addition to local crime, the CrimeReports iPhone application also features crime data for more tham 600 other law enforcement agencies across North America, and includes registered sex offender data for all 50 states. The CrimeReports iPhone application allows anyone to : Filter data by location or address, incident type and customizable data range, View recent neighborhood level crimes on the map or in a list, View national sex offender data alongside crime in your neighborhood, Sign up for free, automated e-mail crime alerts and Request the participation of other surrounding law enforcement agencies if they're not already on-board. To find out more about the iPhone application go to www.CrimeReports.com/iphone.

SCRIBES LEGISLATIVE VOICE

MARCH, 2010 VOLUME 001, ISSUE 9 ABATE OF FLORIDA, INC.

Ladies and Gentlemen! Start your engines; the 2010 legislative session has begun. It will start off relatively calm and build to a fast paced and hectic finish on April 30th. Our Freedom Rights Rally at the Capital will take place during the second to last week and will provide us with the perfect time to personally address our concerns with our legislators face to face. In this issue I am going to focus totally on our Freedom Rally and what we need to do to make it successful. We are going to need your help in order to successfully defend our rights as motorcyclist because as the old saying goes, "No man's Life, Liberty, or Property is safe while the Legislature is in session."

DARRIN "SCRIBE" BROOKS, *State Legislative Trustee,* ABATE of Florida, Inc.

"Freedom Rally in Tallahassee April 19, 2010"

Our trip to the Capital on Monday April 19 is more than just a great ride and touching ceremony. This is the event that separates ABATE of Florida, Inc. from the social motorcycle organizations. The crowning achievement on this day comes after the bell ringing ceremony and the speeches. The essence of ABATE occurs when we enter the Capital to walk the halls and meet our legislators. It is that moment when we, as citizens reach out our hands to our legislators, and truly demonstrate our desire to fight for our freedom and rights as motorcyclist.

My goal for that Monday is to have so many bikers walking the halls of the Capital that sound of our boots will reverberate throughout the Capital for days, serving as a echoing reminder that ABATE of Florida, Inc. was here. We can only achieve that goal by having everyone who attends make the commitment to meet with their legislators. Do not worry about meeting them, most will not bite, but I do recommend keeping your hand on you wallet (just kidding). In all seriousness, I strongly recommend that you call their office and make an appointment. That way you can better schedule your time and when and where you need to be next. The Legislature will be in session so expect to get only 5 minutes of face time with the Legislator, but remember how important their staff is to us and to them. Treat the staff as if you are talking directly to the Legislator because they are their eyes and ears and they carry a lot of sway with the legislators.

Most of the legislators who represent districts more than an hour away from Tallahassee do not get a great number of constituents visiting them at the Capital. Those from south Florida get even less constituents who visit. Therefore, an in person visit is very impressive and drives home even more your request for support or opposition to a Bill. Most importantly, the visit reinforce the dedication of your Chapter and ABATE of Florida, Inc. to the rights of motorcyclist.

On the next page, I am going to go in detail about our "game plan" and give some suggestions that may be helpful and will take a lot of stress from your day at the Capital. I will help each and every one of you to be properly prepared and hopefully pump up your enthusiasm and decrease you worry about walking the hall of the Capital. But first let me answer the most common comment I hear from ABATE members. In one form or another it goes like this, "I am not a very good speaker and I would not know what to say." The next page will answer the second part about what to say, but as far as not being a good speaker, here is a secret – be polite and speak from your heart.

Most of us can read the writing on the wall; we just assume it's addressed to someone else.

~ Ivern Ball

Ivern Ball was a poet with a knack for simple commentary on complex issues. I chose this quote because it addresses something that affects every member of ABATE of Florida, Inc. We all joined ABATE because we care about our rights as motorcyclists and we want to help, but for some of us that is where it ends. We all hear the call to take action, the call to contact your legislators, but some of us think that is for some one else to do. Let me make this clear, the call is for everyone who straddles a motorcycle or cares for someone who rides. The writing is addressed to you and we need you to answer the call. Whether you are able to join us at the Freedom Rally in Tallahassee or just help us by calling or e-mailing your legislators, ABATE of Florida, Inc. and every single motorcyclist in the State of Florida needs your help.

Here is our game plan to help make this Freedom Rally productive for everyone involved. It is very important that the Legislative Trustee at each Chapter take charge of this plan even if they can not make it to Tallahassee, they need to have it ready for whoever is attending from their Chapter to take it with them.

During the Month of March:

☘ Start talking to your Chapter now about getting as many people as possible to attend the Freedom Rights Rally on April 19, 2010.

☘ Educate your members about what Bills we are supporting so that they will be familiar and more knowledgeable about our concerns.

☘ Keep an up-to-date record of our watch Bills so that it can be printed off and distributed before you leave for the Freedom Rally.

☘ Prepare a brief one page description of your Chapter that details current membership number, number of registered voters, the basic geographical area it covers and a little bit about you members.

o *EXAMPLE:* Gator Alley Chapter of ABATE of Florida, Inc covers all of Collier County and some of south Lee County. We currently have 524 members, 498 of which are registered voters. Gator Alley Chapter is a true cross section of the community with a membership that ranges from medical professionals to skilled construction workers and from small business owners to retirees. Our members are very active in their community with several that serve on various county advisory boards and committees. Our members have been described as "Super Voters" because we vote in each and every election. Etc…etc…etc…

o Leave enough space at the bottom to have as many members as possible sign the paper. This will let the legislator know that there are many more concerned people that could not make the trip but are every bit as concerned about their rights.

o Use your Chapter logo so that it will become more recognizable to them.

During April:

☘ If you know that your Chapter will only have a few members at the Rally, contact your neighboring Chapters to see if you can join them at the Capital, this will give you a bigger group when meeting the legislators.

☘ Contact your legislator's office to see if they will be there on Monday April 19th. Tell them you will be attending ABATE's Freedom Rights Rally and that you would like to drop by and greet them. If possible make an appointment and remember to KEEP that appointment.

☘ I will be sending out an up-to-date Bills watch list so that you will know how our Bills of interest are doing.

☘ Combine your information packet together and have ready to go one week before the Rally. It should contain the following:

o Cover sheet that states the legislators name, i.e.: Rep. Matt Hudson, District 101.

o Bills watch list and our position on each Bill. Do this in "bullet format"

o Your one page Chapter information and members signatures.

o Combine these in a nice "slide grip" type report cover from Staples or Wal-Mart. They are usually about 30 cents each.

Day of the Rally:

☘ Enjoy the great escorted ride to the Capital and the bell ringing ceremony.

☘ Gather up your Chapter members or join other Chapters and visit with you legislators.

☘ Be on time for any appointments and greet each person positively. Now is not the time to argue with the legislator no matter your personal feelings, today you are representing ABATE of Florida, Inc.

☘ Introduce all your members that are with you. Give a very short description of your Chapter with number of members and voters. Hand the legislator or aide the report and briefly highlight our Bills of interest and where ABATE stands on each Bill. Lastly invite them to come and speak to your Chapter once the session is over and things have slowed down for them.

That's it; now enjoy the Capital and the nice ride back to the campground or where ever you are going.

DISTRACTED DRIVING

A Few Facts about Hand Held Devices

What Is Distracted Driving?

There are three main types of distraction:

Visual — taking your eyes off the road

Manual — taking you hands of the wheel

Cognitive — taking your mind off what you're doing

Distracted driving is any non-driving activity a person engages in that has the potential to distract him or her from the primary task of driving and increase the risk of crashing.

While all distractions can endanger drivers' safety, texting is the most alarming because it involves all three types of distraction.

Other distracting activities include:

Using a cell phone

Eating and drinking

Talking to passengers

Grooming

Reading, including maps

Using a PDA or navigation system

Watching a video

Changing the radio station, CD, or Mp3 player.

Did You Know?

Research on distracted driving reveals some surprising facts:

Using a cell phone while driving, whether it's hand-held or hands-free, delays a driver's reactions as much as having a blood alcohol concentration at the legal limit of .08 percent. (Source: University of Utah)

Driving while using a cell phone reduces the amount of brain activity associated with driving by 37 percent. (Source: Carnegie Mellon)

80 percent of all crashes and 65 percent of near crashes involve some type of distraction. (Source: Virginia Tech 100-car study for NHTSA)

Nearly 6,000 people died in 2008 in crashes involving a distracted or inattentive driver, and more than half a million were injured. (NHTSA)

The worst offenders are the youngest and least-experienced drivers: men and women under 20 years of age. (NHTSA)

Drivers who use hand-held devices are four times as likely to get into crashes serious enough to injure themselves. (Source: Insurance Institute for Highway Safety)

Data Sources

The following NHTSA data sources were used in the research:

Fatality Analysis Reporting System (FARS)

National Automotive Sampling System (NASS) General Estimates System (GES)

National Motor Vehicle Crash Causation Survey (NMVCCS)

The 100-Car Naturalistic Driving Study

National Occupant Protection Use Survey (NOPUS) of Driver Electronic Use

Motor Vehicle Occupant Safety Survey (MVOSS)

System (NASS) General Estimates System (GES) show that:

In 2008, there were a total of 34,017 fatal crashes in which 37,261 individuals were killed.

In 2008, 5,870 people were killed in crashes involving driver distraction (16% of total fatalities).

The proportion of drivers reportedly distracted at the time of the fatal crashes has increased from 8 percent in 2004 to 11 percent in 2008.

The under-20 age group had the highest proportion of distracted drivers involved in fatal crashes (16%). The age group with the next greatest proportion of distracted drivers was the 20- to-29-year-old age group (12%).

Motorcyclists and drivers of light trucks had the greatest percentage of total drivers reported as distracted at the time of the fatal crashes (12%).

An estimated 21 percent of 1,630,000 injury crashes were reported to have involved distracted

Use of Electronic Devices While Driving

Nationwide, those drivers observed visibly manipulating hand-held electronic devices increased from 0.7 percent to 1.0 percent.

Some 1.7 percent of drivers 16 to 24 years old were observed visibly manipulating hand-held electronic devices, up from 1.0 percent the previous year.

DISTRACTED DRIVING

More drivers in Western States were observed manipulating hand-held electronic devices (2.1%) than in the other regions of the country (from 0.4% in the Northeast to 0.8% in the Midwest).

The use of hand-held devices increased the most in the West, from 0.6 percent in 2007 to 2.1 percent in 2008.

The observed use rate of hand-held electronic devices was higher among females (1.2%) than among males (0.8%).

ANY QUESTIONS OR CONCERNS?
CALL ME 239-440-7258
EMAIL ME ERJOURNAL @ EMBARQMAIL.COM

Hello Everyone, Please remember we are going to be busy for the next two months. Most of Bike week will have been in march, then we have the Legendary Party and TallaHassee after that There is also a run for relay and a bike wash

Also if you would like to do a ride to the event and then when you get there do a lap around the track (walking). This lap will be called Cruisin for a Cure lap, you will have the track, it will be right after the Survivor's lap. The event takes place on April 23-24. If you want to help call me.

We are working on doing a bike wash in Golden Gate at Big Karl's. Call me for more info on all these events.

There is a change in the way I will do New member packets. If you have an email I will email them to you, with the exception of your card and receipt. Of course if there is no email, I will bring them with me, I will not be mailing out anymore. Again the exceptions are card and receipt and also if some one joins from out of town.

If you want ride in the group, you can also call Tammy. My number is 239-440-7258, Tammy's 239-289-2647.

If you want to make a donation to Relay For Life, or buy a luminary to honor or remember someone, or with any questions call me.

Michelle
